Transatlantic Christian Council

Dear reader, TCC has been very active at international organisations in the past period. In this newsletter you can see a couple of pictures of this. At the beginning of December the annual prayer breakfast took place. This was in the European Parliament in Brussels. That is a fertile place to network, just like in the meetings that take place around it. In January and February, TCC went to a Christian school in Norwich, Ontario. TCC also went to Holland and Grand Rapids, Michigan, for diverse meetings and a presentations about TCC for representatives of Christian schools and churches with Dutch roots. TCC accepted the invitation of the private Forum in Phoenix, Arizona. Finally TCC took part in the annual meeting of the commission for Social Development of the UN in New York. We have successfully lobbied to eliminate the term "Sexual and Reproductive Health" from the final text.

3 year TCC – Project 2019-2021

At the beginning of this year, we launched a €1.2 million Project: “For Life, Family and Freedom at the UN-EU-OSCE and Strengthening the Transatlantic Bond (NL-USA)”. In close consultation with TCC US, we have agreed that TCC NL will do the lobbying and TCC US the publication of a journal.

On February 21 there was an evening of the website at the Residence of US-Ambassador Hoekstra in The Hague, where the GES’19 was recommended too:

The above mentioned document already contains 12 references to health, in a general way, which is excellent.

Over the past 12 years there has only been one reference to sexual & reproductive health, that was last year.

Please produce a good clean text with no mention of S & RH this year.

Many thanks

De Amerikaanse ambassadeur Pete Hoekstra ontving donderdagavond 21 februari christelijke zakenmensen op zijn residentie in Den Haag.

De bijeenkomst was georganiseerd door de Amerikaanse ambassade en Transatlantic Christian Council (TCC), een christelijke lobbyorganisatie voor leven, gezin en vrijheid. Ruim vijftig ondernemers kwamen op de ontmoeting af.

Aan het einde van de vragensessie werd namens een aantal ondernemers een boek aangeboden: De viervoudige staat van Thomas Boston (1676-1732). De speciale uitgave was voorzien van de naam van de ambassadeur. De ondernemers hadden nog twee exemplaren meegenomen: één voor president Donald Trump, en één voor de vicepresident Mike Pence.

Later op de avond konden de ondernemers meer informeel met elkaar en met de ambassadeur en medewerkers van hem in gesprek.

American ambassador receives Christian entrepreneurs at residency

The American ambassador Pete Hoekstra received Christian business people at his residence in The Hague on Thursday 21 February.

The meeting was organized by the American Embassy and Transatlantic Christian Council (TCC), a Christian lobby organization for life, family and freedom. More than fifty entrepreneurs attended the meeting.

TCC director Henk Jan van Schothorst opened by having a Psalm verse sing: Psalm 68:10. Ambassador Hoekstra then briefly spoke, before he took the opportunity to answer questions from the audience.

At the end of the question session, a book was offered on behalf of a number of entrepreneurs: The fourfold state of Thomas Boston (1676-1732). The special edition was provided with the name of the ambassador. The entrepreneurs had taken another two copies: one for President Donald Trump, and one for Vice President Mike Pence. Later in the evening, the entrepreneurs could converse more informally with each other and with the ambassador and employees of him.
Great meeting yesterday evening with US Ambassador Pete Hoekstra and his wife Diane at their residence!

Dear entrepreneur,

Through the TCC business Network, we can look back on a unique meeting on February 21 this year at the residence of US Ambassador Pete Hoekstra in NL. At the same time it indicates the level TCC has input and wants to be active. Organizing such a networking event is one of the means that TCC uses to further interest business people in achieving the goals of TCC.

**What TCC does: Networks and policy influencing on an international level**

From the Netherlands and the USA, TCC defends Christian standards at the UN, EU and OSCE (and in member states), such as the SGP does at national level. Extra focus is on themes such as the protection of Life, the natural Family and Freedom (of religion, education, market, etc.). TCC can do this because it has acquired the authority to speak and lobby with organizations. This is very current and urgent. With extremely limited resources, we try to reverse a frontal attack of progressively colored agenda items such as non-discrimination, tolerance, gender equality, sexual and reproductive health and rights, children's rights, women's rights, LGBT, etc. Example: We want to prevent that you are required to create gender neutral toilets in your company and that you retain freedom in the policy at your company and in hiring of staff of your choice and belief.

Specifically, we try to influence international directional or normative resolutions / decisions at the source by talking to decision-makers personally and making them make the right choices.

**What TCC wants: Permanent supervision at international organizations and strengthening the NL-US bond**

To be able to do this work properly, we want to be able to have permanent supervision of the before mentioned international organizations and member states. Substantial financial support is a precondition for this.

**Needed**: In concrete terms, this means that, under the coordination of the founder-director of policy officers, they monitor daily affairs at the UN (New York and Geneva), EU (Brussels and Strasbourg), OSCE/FRA (Warsaw and Vienna) and alert on time, record and come up with change proposals. It is necessary to bond with delegates from member states and to be present on location when the deals are made. One of them is more specifically concerned with current affairs, news, education and the improvement of the indispensable important NL-US relationship. A secretary for good administration and a fundraiser / communication expert for input from the ground and sharing what is achieved completing the team. In addition, we continue to respond to opportunities that may arise.

**What the costs are and how you can contribute to this**

To achieve this, a three-year project has been started: "For Life, Family and Freedom at the UN - EU - OSCE and Strengthening the Transatlantic Bond" with the motto: **Motto: ‘Vrij onverveerd, Uw dienaar ’t allen stond’**. (English: free and fearless, Your servant for always)

**This requires a total of € 1.2 million**: € 300,000 in 2019, € 400,000 in 2020 and € 500,000 in 2021. After the 6 year Pro Deo set-up phase and successful acquirement of accreditations at the UN, EU and OSCE, we are now ready for the leap to adulthood. **To become a permanent player, serious and joint financial input is needed.** A start can be to sign up for the [http://www.tccouncil.org/business-network](http://www.tccouncil.org/business-network). We would be delighted to welcome your support for our effort and to discuss the project.
For this you can contact us on 06 558 38 607 or hjvanschothorst@tccouncil.org. Within a few weeks I will also contact you myself.

With kind regards, Henk Jan van Schohorst
